

## Managing School Change: It's Hard Work! A Leadership Event

*Join other education leaders as we walk through a day in the life of a school administrator and the different challenges they face*

By weaving evidenced and research based information into scenarios/role plays based on real events in the field, participants will be presented both with practical information they can use immediately and an opportunity to practice use of that information

### Big Ideas

- Transformational & Instructional Leadership
- Fostering a culture of collaboration & accountability for all members of the school/district
- How to manage data so it works for you
- Leaders of Followers/Leaders of Leaders
- What is good instruction?
- Implementing Effective Professional Development

### Products

- Project Planning Rubric
- IFSaM Model: Problem Solving
- Team Building Strategies
- Relationship Building Model
- Proactive Communication Process: Listening, Understanding & Responding
- The Walkthrough
- Effective Feedback Strategies

### Learn how to:

- Reinforce wanted staff behaviors
- Provide Professional Development (Teaching moments)
- Use problem solving techniques to empower staff, free up administrator time and develop leaders
- Setting priorities and managing time
